Why?

Our organization is very similar to BVAW, with the same principles of:

- Entertainment
- Pleasure of the Beach Volley
- Friendship

Is it time now?

Yes, because more than 200 Beach Volley players have chosen to become distracted during their summer with our tournaments, and now it's the time to open the BVAW's world into our region!

A new added value?

Rome is ready to welcome all the people who participated in the BVAW to create a fantastic event, finally in the capital of Italy!
